Education

GITAM University, Visakhapatnam — **Aug 2023 – May 2027**
B.Tech in Computer Science and Engineering — **CGPA: 9.74**

FIITJEE, Visakhapatnam — **Aug 2021 – May 2023**
Intermediate (MPC) — **88%**

Sri Chaitanya School, Visakhapatnam — **Jul 2020 – Apr 2021**
Secondary School Certificate (SSC) — **96%**

Projects

Deep Learning-Based Attendance System
Python, OpenCV, FaceNet, OCR, Object Recognition, Hugging Face
- Built an automated attendance system using FaceNet and OpenCV for deep-learning facial recognition and identity verification.
- Developed workflows for face detection, object recognition, and OCR-based extraction to reduce manual attendance operations.
- Explored pretrained Hugging Face models for vision and multimodal tasks; evaluated outputs on practical input conditions.

MDC Official Website
React.js, JavaScript, HTML, CSS, Firebase, Vercel
- Developed and deployed the official website for Meta Developer Communities (MDC), GITAM, serving as the primary platform for community activities and announcements.
- Built responsive and reusable React components with Firebase integration for dynamic event management, team profiles, and content updates.
- Designed an admin dashboard enabling organizers to manage events, announcements, and website content, reducing manual updates and improving operational efficiency.

CXR Official Website & Inventory Management Platform
React.js, Three.js, Firebase, HTML, CSS
- Developed and deployed the official website for **CXR**, GITAM's AR/VR/MR/XR student body, featuring responsive UI and interactive 3D experiences using Three.js.
- Integrated Firebase Authentication, Cloud Firestore, and automated email notifications for request submission, approvals, issuance, and returns.
- Developed an administrator dashboard to monitor inventory, issued assets, user details, request history, and equipment availability in real time.

Experience

Associate Software Engineering Intern (Accenture) — May 2026 – Jul 2026
Accenture
- Supported Oracle APEX, FCCS, and EPBCS applications through maintenance, configuration, user support, data-quality checks, and issue investigation.

Web Development Intern (CXR) — Jan 2026 – May 2026
GITAM University
- Developed a React and Firebase inventory-reservation platform; designed booking workflows for concurrency and real-time data challenges.

Data Management Intern (DoER) — Jun 2025 – Sep 2025
GITAM University
- Managed records for 90,000+ individuals using Excel, Google Sheets, and Python; reduced manual effort by 40% through automation and validation.

Subject Matter Expert (Chitti) — Jan 2025 – Mar 2026
GITAM University Startup
- Mentored 200+ students in DBMS, Operating Systems, DSA, and Computer Networks.

Technical Skills

Languages:	Java, Python, C/C++, SQL, JavaScript, HTML, CSS
Frameworks:	React.js, Three.js, Flutter, FastAPI
Backend & Cloud:	Firebase, Firestore, Firebase Authentication, Vercel
Developer Tools:	Git, GitHub, Docker, VS Code, Postman
Core Concepts:	Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, OOP, REST APIs
Libraries:	OpenCV, NumPy, Pandas, Matplotlib

Achievement & Leadership

Winner – GDG WOW 2025 Hackathon: Developed "Pathway to Placements", a placement-preparation resource platform for engineering students.

Vice President (MDC) — Jun 2026 – Present
MDC, GITAM University — Lead a technical community of 100+ students and mentor members in software development, Git, React, and project delivery.

Certifications

ServiceNow Certified System Administrator (CSA) — **ServiceNow Certified Application Developer (CAD)**
